

Wedding Style Guide

ISSUE 7 2008

LITTLE BIT COUNTRY | DRINK LABELS

INSTRUCTIONS: Print out as many copies as you require on to adhesive paper stock.

Being careful not to cut through the label, use the dull side of a sharp cutting blade to run a light score line through the centre using the dashed line as a guide. Then cut the labels down to size using the trim marks as a guide. Use the light score line as a guide when positioning the label against the straw. Seal both sides together.
