

ISSUE 13: BACKYARD BRIDE | PIZZA BOX BAND TEMPLATE

With an empty pizza box at each setting guests will be anxious to know about the meal that lay ahead. Leave them in no doubt with a menu wrapped snugly around the centre. Our interactive PDF allows you to enter your own text – including your guest's name and the menu about to unfold.

1. Type in your guests' names where prompted
2. Type in the menu where prompted.
3. You will need a printer than can print A3 sized paper. Set the printer to print in horizontal (landscape) format. Print as many copies as you need on to paper stock – we used 100gsm paper which is light enough to wrap easily around the boxes.
4. With a sharp cutting knife, cut the bands to size using the trim marks as a guide.
5. Wrap each band around a box and secure on the underside with double-sided tape.
6. Finish with a rubber stamp on the right hand side – positioning it in a slightly different spot for each band for a truly hand-made feel. We used a contrasting colour to give the final product an interesting effect.

NOTE: The interactive PDF format allows you to input your own text but you will not be able to save the document so please ensure you print as many copies as you need before closing the document. You can always open it again and retype your information, so don't be too worried if you forget someone!
